About Us

Mission: The Arrowhead Regional Arts Council (ARAC) seeks to facilitate and encourage local arts development. This mission statement grows from a conviction that the arts improve the quality of life in the region.

Legislative Mandate: ARAC is one of eleven regional arts councils designated by the State of Minnesota "to make final decisions on the use of legislative appropriations for local/regional arts development." ARAC is charged to assess the needs of the seven counties in the Arrowhead Region and to plan and administer programs and services based on its assessment.

Arts and Cultural Heritage Fund

Mandate: ARAC receives funding from the Legacy Amendment which was appropriated by the State Legislature with money from the vote of the people of Minnesota on November 4, 2008. The intent of this funding is to support and create access to the arts for artists, arts organizations, and communities; to support arts education for Minnesotans of all ages; and to support diverse ethnic and cultural arts traditions represented in this state.

McKnight Foundation: ARAC receives additional funding for its individual artist programs from the McKnight Foundation.

- Describe your artistic work (including your focus and motivation). Tell us your current goals and describe where you want your work to go in the future.

Impact

(50% of your score)

The impact of your proposal is determined by the appropriateness of the purchases to furthering or achieving your artistic goals by addressing your identified needs.

- Describe the equipment and technology you intend to purchase and/or services or training you will engage. Your application will be strengthened by making well-researched and reasonable requests that fit your needs, and by carefully articulating the reasoning behind the specific selections you've made.

support materials; as well as narrative responses articulating your readiness to make your purchases.

Proposed Budget

Click on the link to download the [Grant Budget Template](#). Save the file to your computer before filling it out. Once you have filled out the budget, save it and then upload it into the File Upload space provided in your application.

The Proposed Grant Budget supplies the Council with three important pieces of information. The description and dollar values for all expenses related to your proposed request, the dollar values of the expenses for which you are requesting ARAC funds, and the sources of additional funds for the remainder of the project expenses not covered by grant funding. Refer to the following instructions when filling out this page.

Recognizing the value of labor in all dimensions of the arts world, ARAC strongly encourages that grant applications use the following minimum figures in calculating the value of labor.

- Paying artists for the practice of their art: \$24/hour or more as appropriate
- Paying artists for arts education work: \$24/hour or more as appropriate, with one hour of preparation time allocated for every two hours of direct instruction

ARAC recommends that artists list hours beyond the number payable within the grant as an "in-kind contribution."

Estimated Project Expenses: In the first column of the Proposed Budget template list everything necessary to carry out your project. If there are not enough lines in a particular section, please combine like items and provide details in the "Notes" section on the right side of the template. Give each item a dollar value in the next column even if you expect some portion of the expense to be an "in-kind" contribution. Round all estimated expenses to the nearest \$10.

In-kind contributions include all donated materials, labor, space and/or services that can be given a dollar value and are specifically committed to the project. Each expected in-kind contribution must be assigned a fair market value. In-kind contributions must appear in both the revenue and expense side of your proposed project's budget. Grantees must keep records of the cash values of in-kind contributions.

1. Consultants' Fees and Contracts: If appropriate, list all the consulting personnel involved in your project and the total each will be paid.
2. Equipment and/or Software Purchases: List each piece of equipment, digital device, and/or software you propose to purchase.
3. Other: List any additional expenses associated with the project, including such expenses as contract services, rental services, etc. Include only the portion of these expenses

directly related to the proposed opportunity or project.

The totals of 1, 2, and 3 will be your **Total Project Expenses**.

ARAC Request: In the third column of the Proposed Budget template, list the parts of the expenses listed in the second column for which you are requesting ARAC funding. The total of the entries should equal the amount of the grant request listed in the application form.

Proposed Project Match: List the source of your required 15% cash match. Use the space provided if you feel it is necessary to explain your cash contributions. Your 15% cash match must be made up of actual cash. It cannot consist of in-kind contributions.

The totals of your sources will add up to be your **Total Project Match**.

The **Total Project Match** plus the **Total Amount Requested** must equal the **Total Project Expenses**.

Previous Grants Received

List any previous grants received from either ARAC or the Minnesota State Arts Board over the past two years. The purpose of giving this information is to provide additional background on the applicant. Indicate the type of grant, the amount received, and the year it was granted.
